

Working with Pages

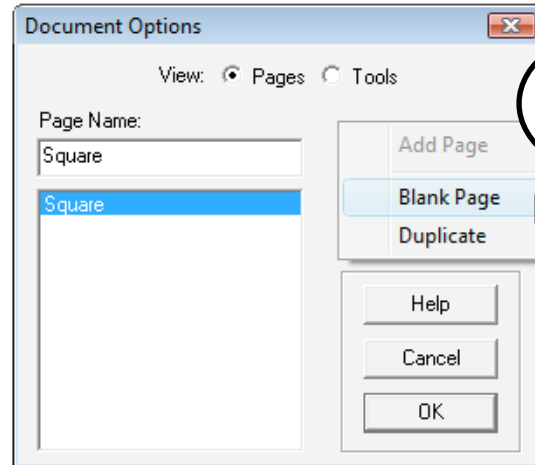

Add, remove, rename, and reorder pages in a Sketchpad document.

©2009 Key Curriculum Press

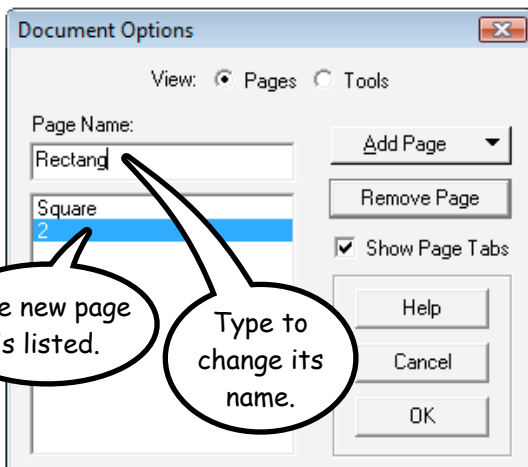

To add a new blank page to a Sketchpad document...

choose File | Document Options...

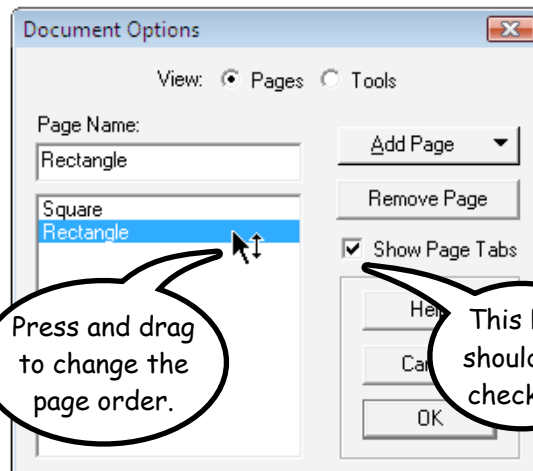

and choose Add Page | Blank Page.

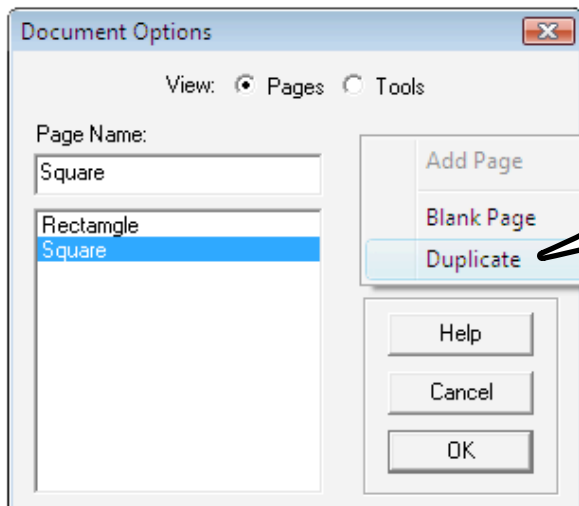

The new page is listed.

Type to change its name.

Press and drag to change the page order.

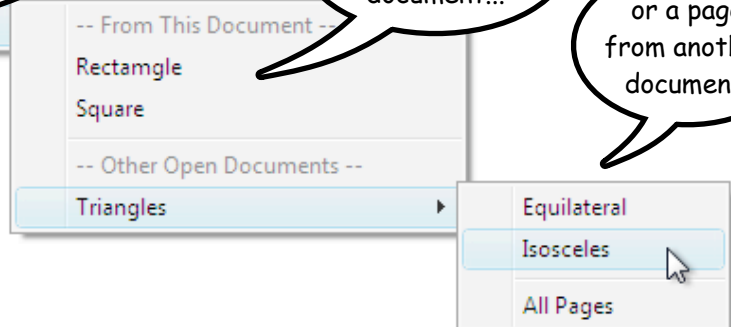

This box should be checked.

To add a copy of a page, choose Duplicate.

Choose a page from the current document...

or a page from another document.
