

# Working with Coordinate Systems

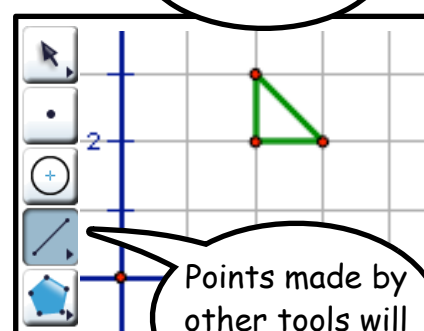

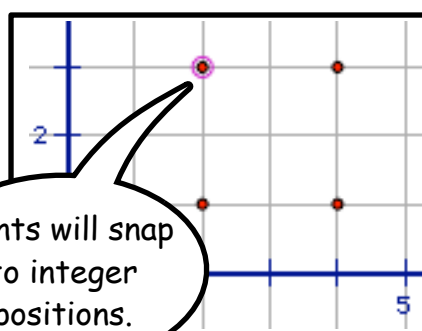

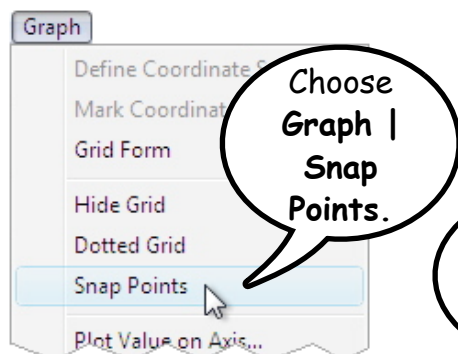

Change a coordinate system to suit your work.

©2009 Key Curriculum Press

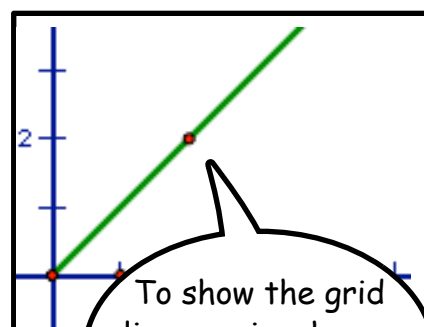

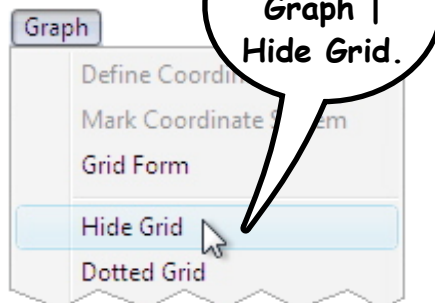

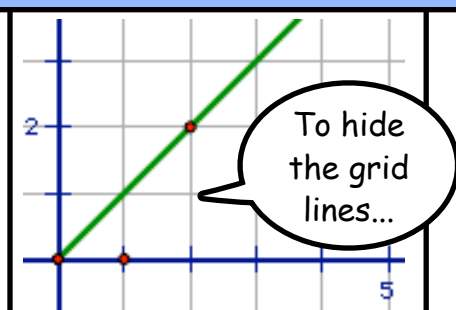

or drag a tick mark label.

## Snap Points

## Hide or Show Grid Lines

## More Tips

To alter the font, style, size, or color of axis labels and tick numbers, select an axis or axes and use the Text Palette to make changes.

To label the horizontal axis in multiples of  $\pi$ , choose **Graph | Grid Form | Trigonometric Axis.**
